

ANNUAL MANUKAU ZONE CUB CAMP 2012

The annual Manukau Zone Cub Camp saw 205 Cubs and 140 Leaders and parent helpers attend the "Ancient Civilizations" camp.

Friday night the 16th November got off to a roaring start with the campfire. Saturday morning the Cubs participated in the base activities around the theme.

There were Castles, Vikings, Pyramids, Ancient Olympics and Fire lighting to name a few. Unfortunately the weather gods were against us and for the first time in 20 years we had to abandon camp. Not an easy decision, but with injuries occurring on the activities, wet bedding, leaking tents and very wet cold Cubs and Leaders I feel it was the right decision.

All Cubs went home with a very colourful badge. A big thank you to all the Leaders for putting so much work into the base activities, and putting up dining and sleeping tents. Your hard work is much appreciated.

Jocelyn Gardner Zone Cub Leader
